Cannery Pier Hotel & Spa

RECENTLY CROWNED one of the country's top 25 romantic getaways by Trip Advisor, Cannery Pier Hotel & Spa blends luxury amenities and stunning views in a former fish cannery.

Jutting 600 feet into the Columbia River and making impressive use of a former Union Fish Cannery, this is the ultimate five-star, boutique hotel.

Cannery Pier Hotel & Spa's design is a tribute to a group of Finnish Fishermen who

founded the first Fishermen Cooperative in Astoria, once considered the "Salmon Canning Capital of the World." Each room has a stunning view of the Columbia River, the Astoria-Megler Bridge and Cape Disappointment Lighthouse.

Celebrating its first decade, Cannery Pier Hotel & Spa rooms (cannerypierhotel.com) include a private fireplace in each room with a Pendleton blanket to cozy up. Chauffeured car rides in a 1939 Buick, a

1938 Packard, or a 1945 Cadillac, and vintage cruiser bicycles make exploring Astoria a sentimental journey.

Spa services range from deep tissue massages, facials, body scrubs and wraps to couples escape packages. In addition to Trip Advisor's recent award, Cannery Pier Hotel & Spa has also garnered accolades from *New York Magazine*, *Sunset* (25 best hotels in the West) and *Smithsonian Magazine*. cannerypierhotel.com
